

Pikey Peak Trek (Eastern part of Nepal)

This is one of the most beautiful treks in the lower Everest region. During this trek we will visit my hometown. Here you can visit a local school and get to know the young students. Chyangba Village lies at an altitude of 8,200ft in the Everest Region. This area does not lie on the tourist trail so development has been very slow. Yet the natural beauty and the rich cultural traditions make this village unique. During this trek you will visit village with many ethnic groups such as Sherpas, Rai, Magar, Newar, Tamang, Chhetris, Brahmins, Viswakarma and Sunuwar. The villagers are mostly farmers, growing potatoes, apples, maize wheat, barley, peaches, radishes, buckwheat and millet. During this trek you hardly see tourists/trekkers.
